

# The DOCTORS Center Wellness

*feel better...live better*

## The DOCTORS CENTER WELLNESS

The DOCTORS Center Wellness fee is a membership fee to our program. It is not a treatment fee or expense. The membership fee provides preferred scheduling with our providers or at The DOCTORS Center Wellness. When you need an appointment, you will be scheduled in advance of other patients in the practice. Your prescription refills, on-line messaging and consultation will be our top priority. You will also receive advice on dietary and nutraceutical supplementation. The provider's exclusive focus will be on your needs and not speeding to the next patient. Your membership fees are completely non-refundable and non-transferable.
